**June 26, 2014**

*UMass Boston*

June 26, 2014

MassResults: Effective, Accountable and Open State Government

**#MassResults**

# Progress on Administration Priorities

Moderator: **Glen Shor**, Secretary, Administration & Finance

Panelist: **Greg Bialecki**, Secretary, Housing and Economic Development  
**Rachel Kaprielian**, Secretary, Labor and Workforce Development  
**Matthew Malone**, Secretary, Education  
**Andrea Cabral**, Secretary, Public Safety and Security  
**John Polanowicz**, Secretary, Health and Human Services

# Creating Jobs and Economic Opportunity

**Greg Bialecki**

*Secretary*

*Housing and Economic Development*

# Economic Development Plan

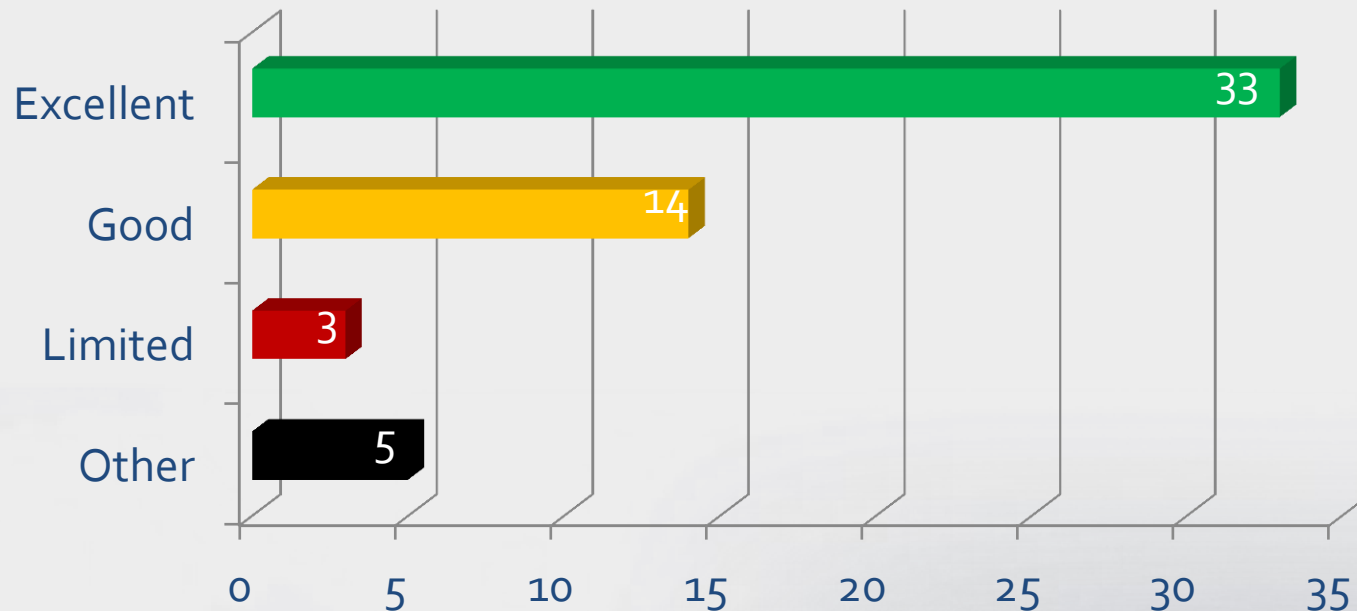

- **Choosing to Compete in the 21st Century** – developed in 2011 by a planning council of 34 public and private members
- Builds on Governor Patrick's strategy of making long-term investments in **education, innovation and infrastructure**
- Focuses on five “categories for action” with 55 action items
- Public-private collaboration **critical** to success

# Scorecard at a glance

## Progress on 55 Action Items

Details available on [mass.gov/compete](http://mass.gov/compete)

- Progress met/exceeded expectations
- Good progress but slightly below expectations
- Progress inconsistent with plan objective
- Flagged as unmeasurable – data unavailable for effective measurement

# Annual Economic Development Summit

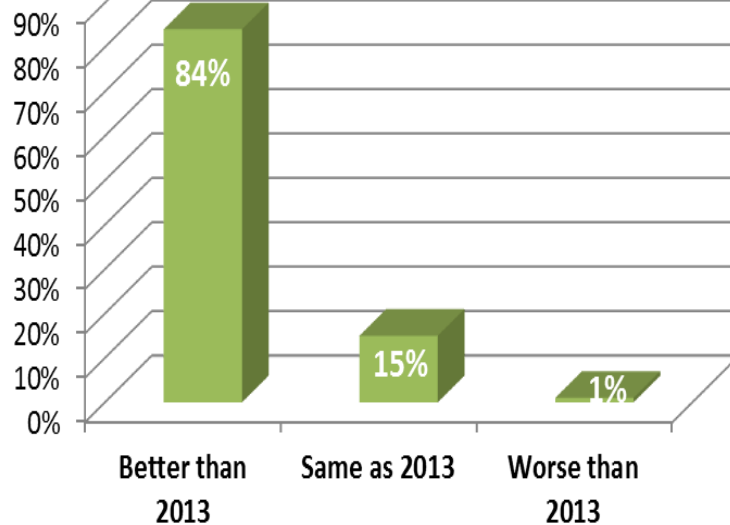

- April 10th – over 275 attendees
  - Businesses
  - Cities/Towns
  - Educational institutions (universities, community colleges, vocational schools)
- Highlight Progress – update on the plan
- Collaboration & Engagement
  - Business, academia, and municipal discussion panels
  - Audience polling

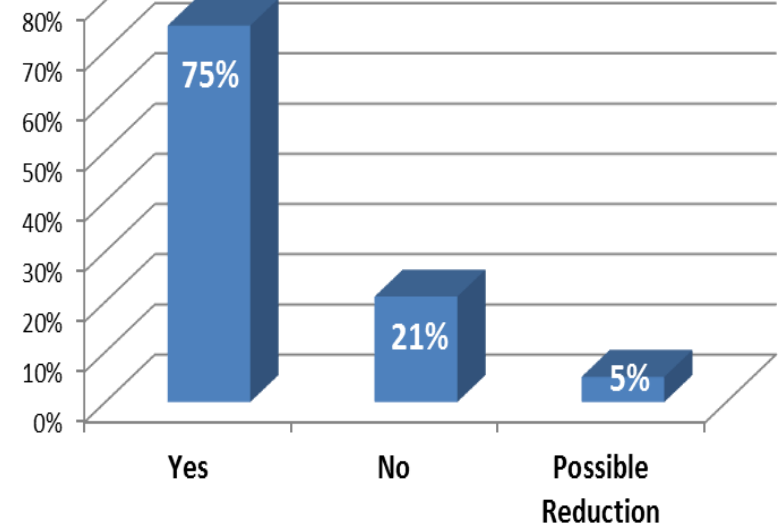

# Audience Polling

How will the economy perform in 2014?

Will your business/organization be hiring in 2014?

# Turnaround for the Massachusetts Economy

	2000-2006	2007-2013
<b>GDP Growth</b>	MA Underperforms US 1.41% MA vs. 2.31% US  Ranks 44 <sup>th</sup> Nationwide	MA Outperforms US 1.16% MA vs .77% US  Ranks 18 <sup>th</sup> Nationwide
<b>Job Growth</b>	MA Underperforms US -.4% for MA vs. 4.7% US  Ranks 44 <sup>th</sup> Nationwide	MA Outperforms US 2.9% for MA vs. -.04% US  Ranks 11 <sup>th</sup> Nationwide

# Net Employment Growth

## JOBS

96,800 jobs gained from 2007 – 2013 – Ranks 4<sup>th</sup> in the U.S. in job creation

# Helping People Obtain Jobs and Workforce Opportunities

**Rachel Kaprielian**

*Secretary*

Labor and Workforce Development

# Performance Focus

- **Efficient Unemployment Insurance System**
- **Job Placement & Hiring**
- Workforce Training
- Increase Youth Employment
- Protect Workers
- Compensate Workplace Injury
- Promote Labor Harmony
- **Shrink Underground Economy**

# Efficient Unemployment Insurance System

- Key areas of performance for UI (overall):
  - Speed of customer response
  - Timeliness of payment
- To increase outcomes in these areas, the Commonwealth had to expand system capacity
- Create online services to expand beyond Call Center services
  - Commonwealth launched UI Online (July 1, 2013)
  - Goal:
    - 65% of Customers file claim online
      - October 2013: 59.7%
      - May 2014: 62.3%
    - 98% of Customers using self-service options to manage their claim (including UI Online)
      - October 2013: 97.9%
      - May 2014: 98.3%
- IMPACT: Average speed of answer (ASA) for April 2014 (17.5 minutes) was 10 minutes less than pre-go live (May 2013 ASA was 27.4 minutes)

# UI Online Action Steps

- **Usability reviews of online screens** (to ease customer access and response)
- **Continued promotion of system online** (to increase customer 1<sup>st</sup> time usage for initial claims and customer volume for Call Centers)
- **Emphasis on fraud reduction and cross-system checks** (to increase efficiency and revenue)

# One-Stop Career Centers

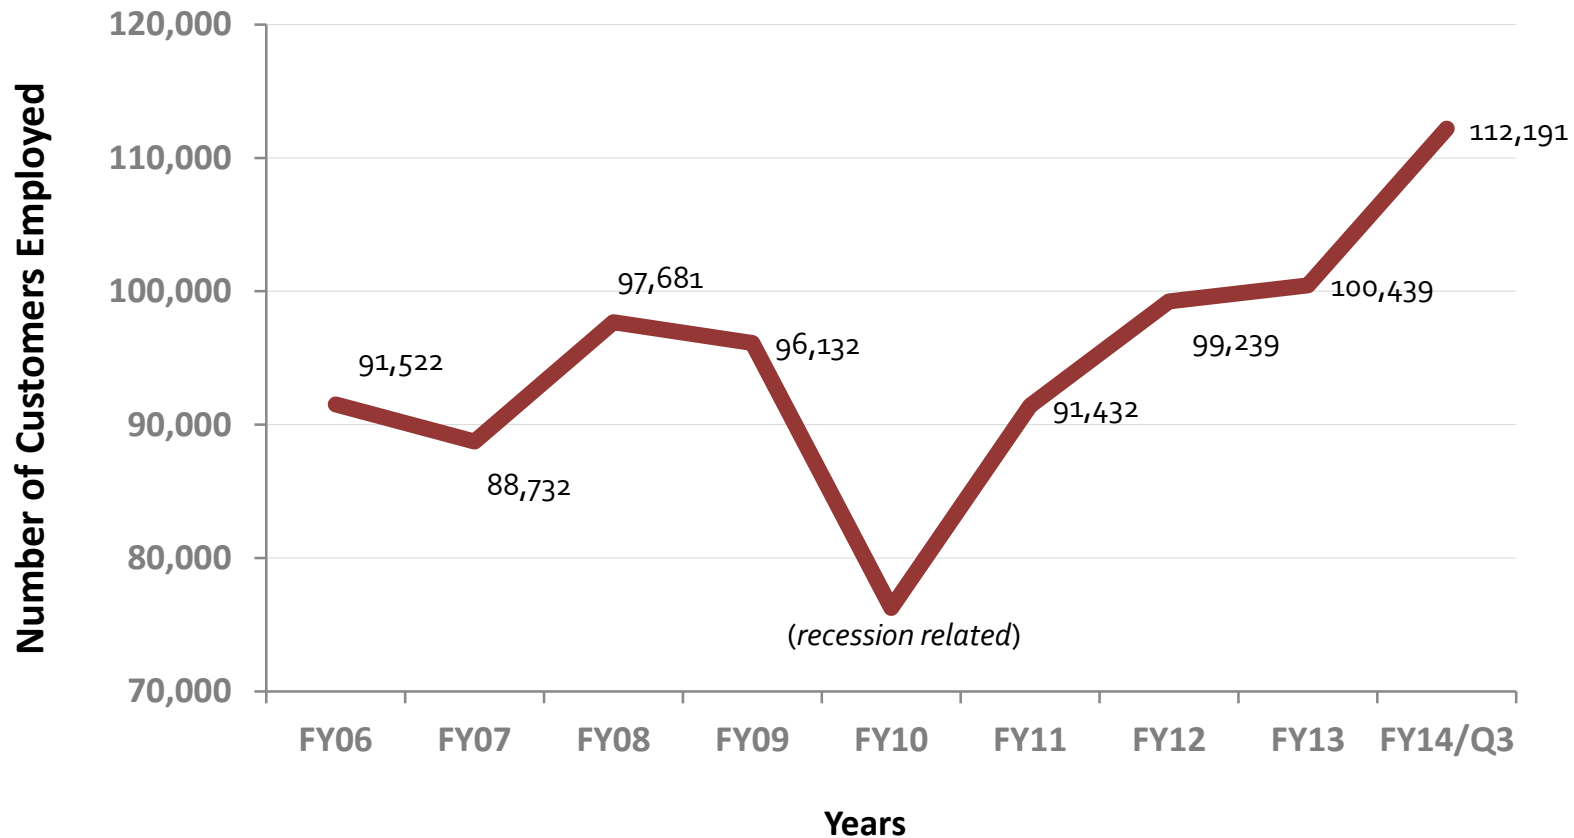

Since January 2007, the network of 33 One-Stop Career Centers across the state provided services to more than:

- 81,200 Employers
- 1.4M Job Seekers
  - 765,863 were Unemployment Insurance claimants
  - 77,787 were veterans
  - 77,982 were individuals with self-identified disabilities

# Job Placement

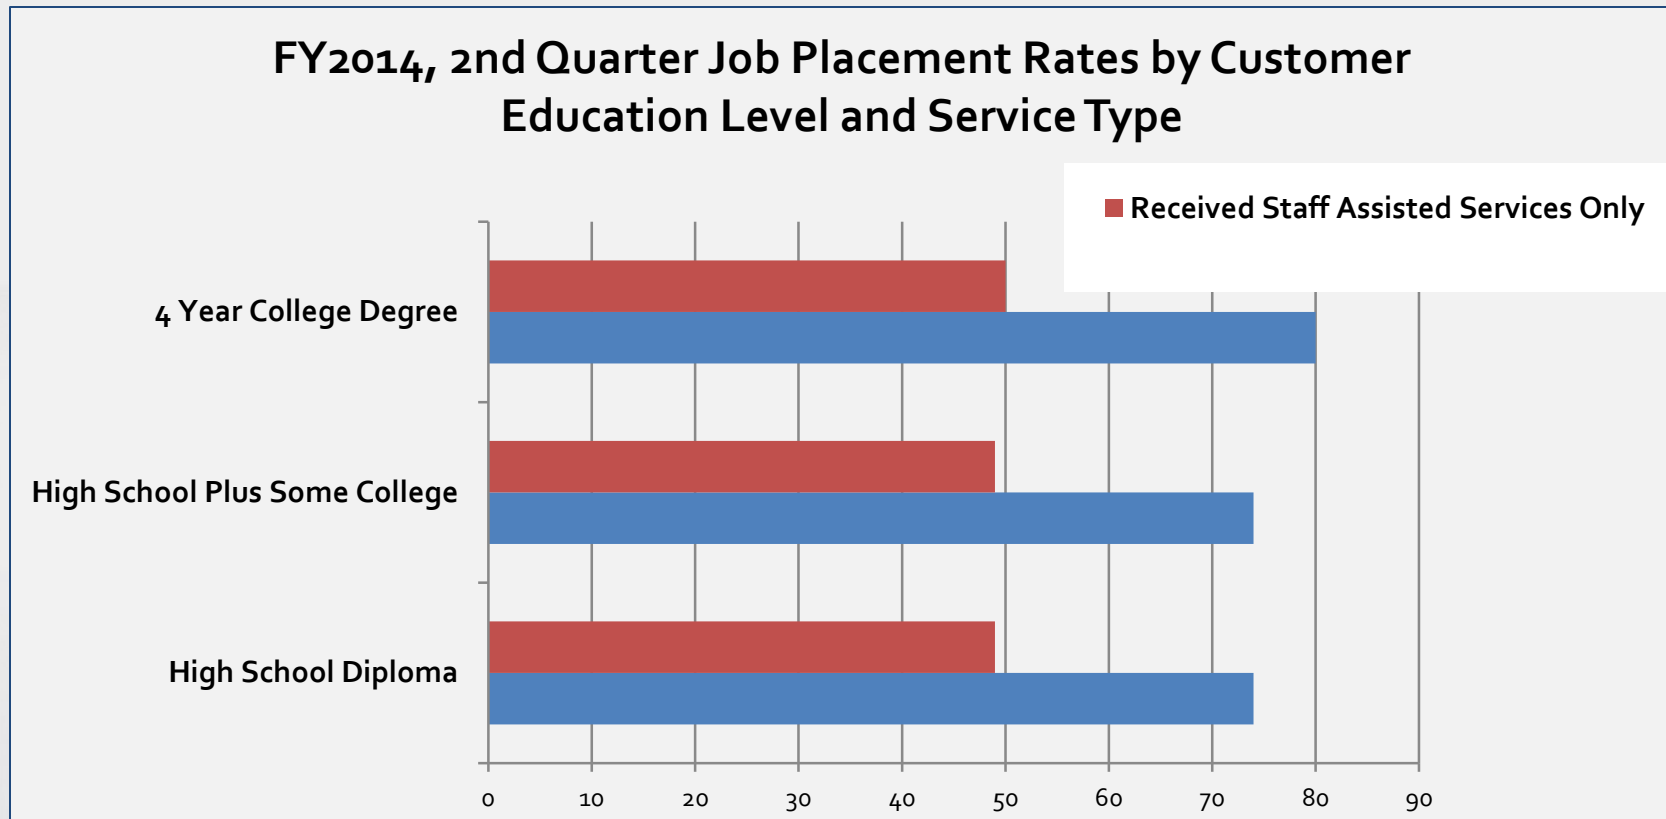

## One-Stop Career Center Customers Employed

# Job Placement – Action Steps

Increase access to education and training pathways (services with greatest job placement impact)

# Job Placement – Action Steps

- One Stop Career Center Marketing Tour
  - Open Houses
  - Branding
- Employer Outreach – MA BizWorks
  - “No wrong door”
  - Cross agency business service staff training
  - Resource Guide for Business Service Representatives
  - Marketing Campaign early fall

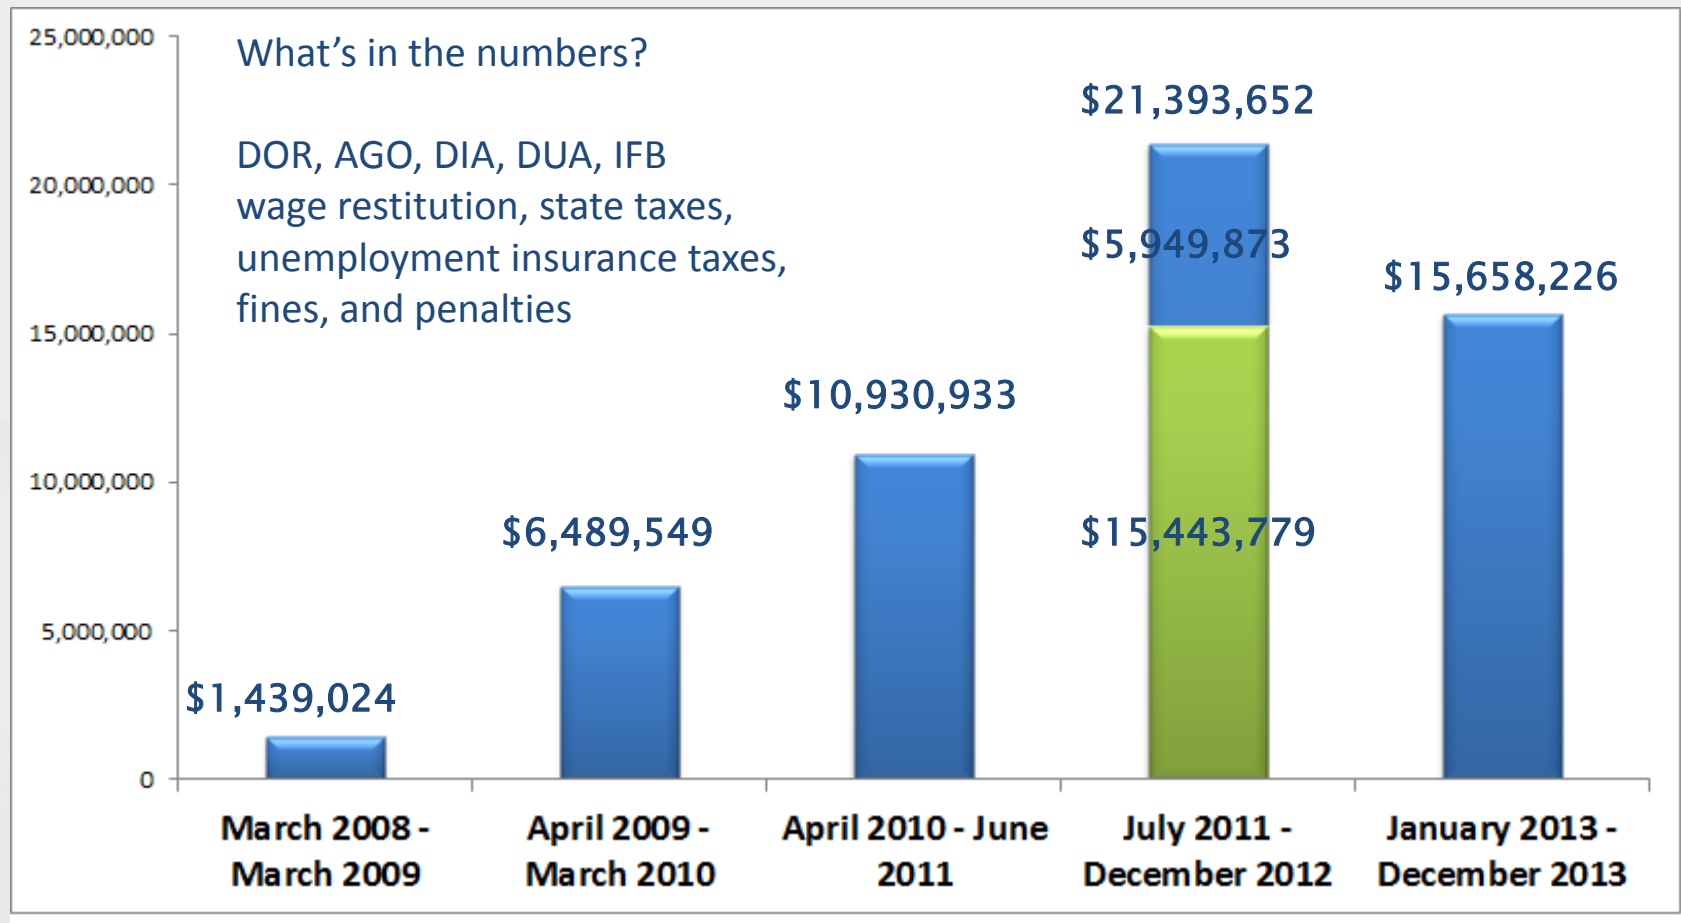

# Underground Economy

Coordinate the efforts of multiple state agencies and utilizes data cross-matching to identify fraud and combat fraudulent employment activities by enforcing the state's labor, licensing, and tax laws.

- Identify fraud through data and anonymous tips;
- Conduct joint, targeted investigations and enforcement actions;
- Protect the health, safety, and rights of workers;
- Restore competitive equality for law-abiding businesses;
- Educate business owners and employees about applicable requirements;
- Pursue revenue owed to the Commonwealth so that the cost of illegally cutting corners by unscrupulous businesses is not passed on to taxpayers and ratepayers.

# Task Force Successful Initiatives – Revenue Recovery

# Using Data to Close the Achievement Gap

**Matthew Malone**

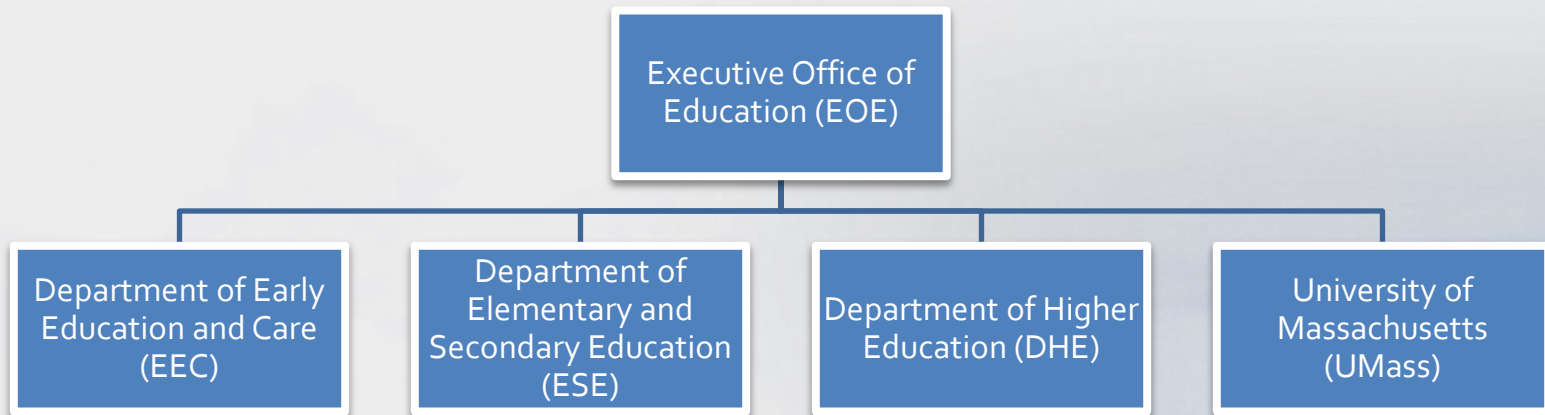

*Secretary  
Education*

# Executive Office of Education

- Newest secretariat - created in 2008 by Governor Patrick to help build a 21st century public education system in Massachusetts, from birth through higher education that prepares students of all ages for lifelong success.
- The EOE has oversight of the Commonwealth's public education agencies, and coordinates the development and implementation of initiatives across the state's early education, K-12, and public higher education institutions

# Performance Management Across EOE

EEC

Launched the Quality Rating and Improvement System, a method to assess, improve, and communicate the level of quality in early care & education and after-school settings, that is serving as a national model.

ESE

Has led the nation with a statewide test for students in grades 3-8 & 10 that helps improve curriculum and instruction, evaluate student, school, and district performance, and determine eligibility for high school graduation.

DHE

Launched the Vision Project to focus on such issues as college participation, completion and the elimination of disparities and establishes accountability for results.

UMass

Launched an accountability report, which measures 21 key goals for success, establishes key priority areas, delineates how progress is measured, and provides the results in a clear and convenient way.

# New National Model Longitudinal Data System: Edwin

Integrates longitudinal data from pre-kindergarten through public post-secondary education

Provides timely and actionable information that empowers educators and informs better decision making at every level

Includes tools to help educators improve teaching, learning, school readiness and education outcomes

### International: PISA 2012

- Massachusetts 15-year-olds tied for **4<sup>th</sup>** in reading literacy, tied for **10<sup>th</sup>** in math and tied for **7<sup>th</sup>** in science literacy among 65 countries worldwide.

### International: TIMMS 2011

- If Massachusetts were it's own country, its eighth graders would rank **2<sup>nd</sup> in the world** in science, behind only Singapore.

### National: NAEP 2013

- Massachusetts tied for **1<sup>st</sup> in the nation** on the grades 4 and 8 National Assessment of Educational Progress reading test.
- Massachusetts tied for **1<sup>st</sup> in the nation** with two other states on the grade 4 mathematics assessment and outperformed all other states on the grade 8 mathematics assessment.

# Massachusetts' National and International Competitiveness

*Elementary and Secondary  
Education's long-term focus  
on Performance*

*Management has produced  
results – and narrowed gaps*

# Narrowing the 10th Grade Achievement Gap (2002-2013)

## English Language Arts

African Americans: +26

Hispanics: +28

Whites: +16

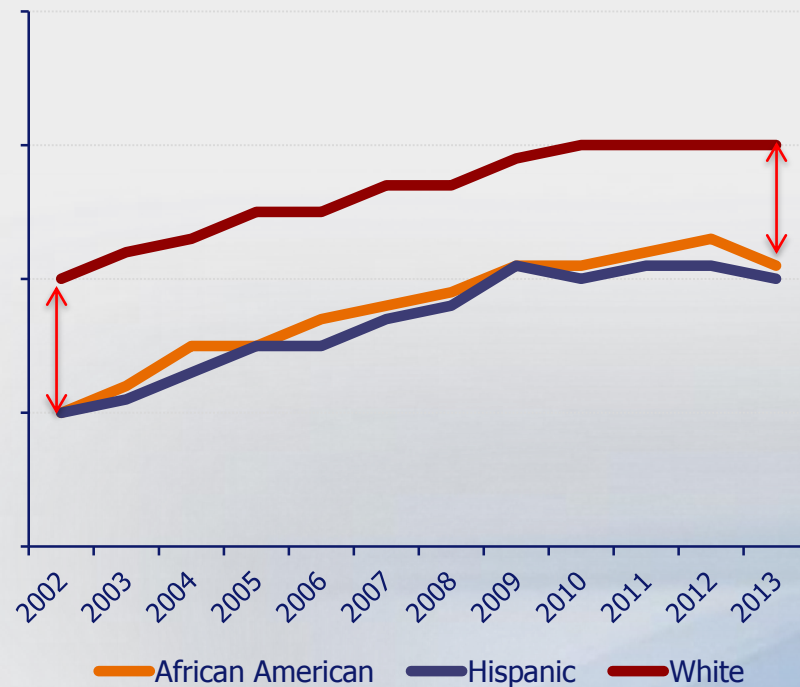

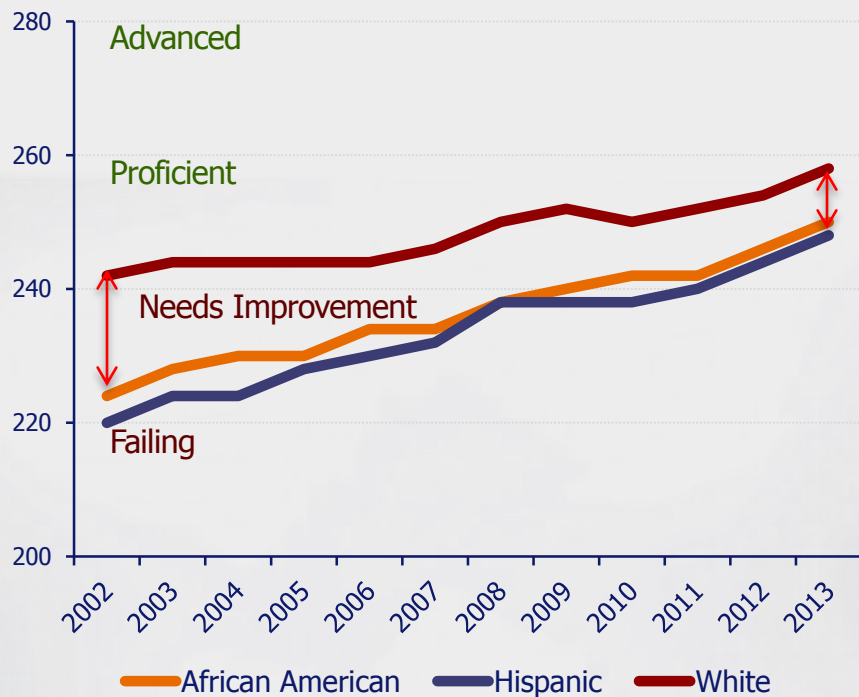

## Mathematics

African Americans: +22

Hispanics: +20

Whites: +20

# Narrowing the 10th Grade Low Income Achievement Gap (2002 - 2013)

## English Language Arts

Low Income: +24

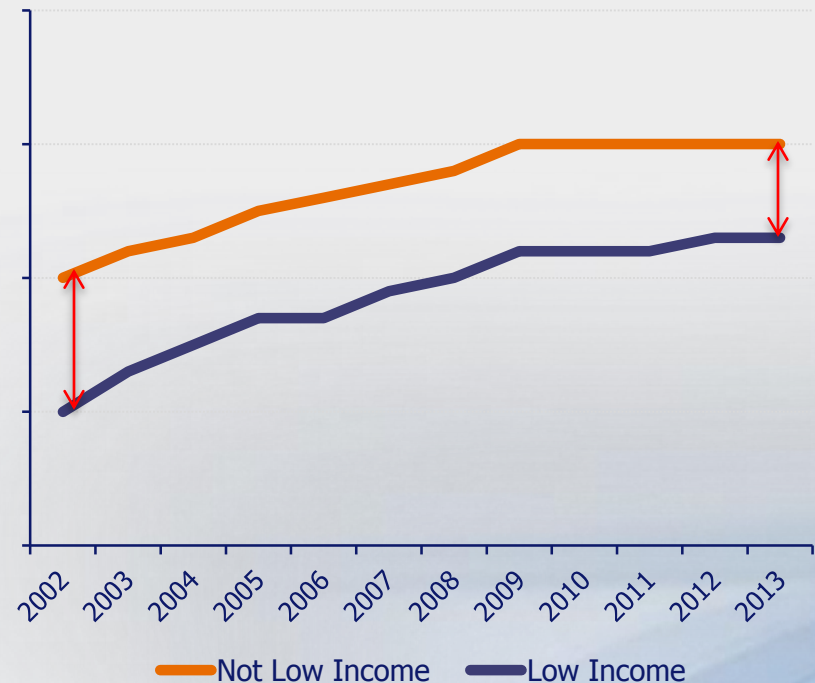

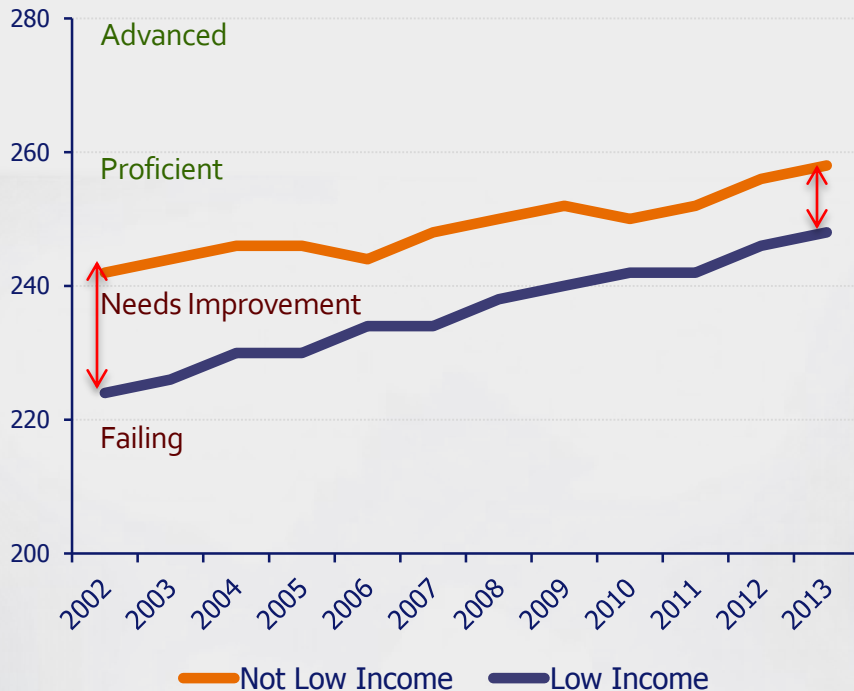

Not Low Income: +16

## Mathematics

Low Income: +26

Not Low Income: +20

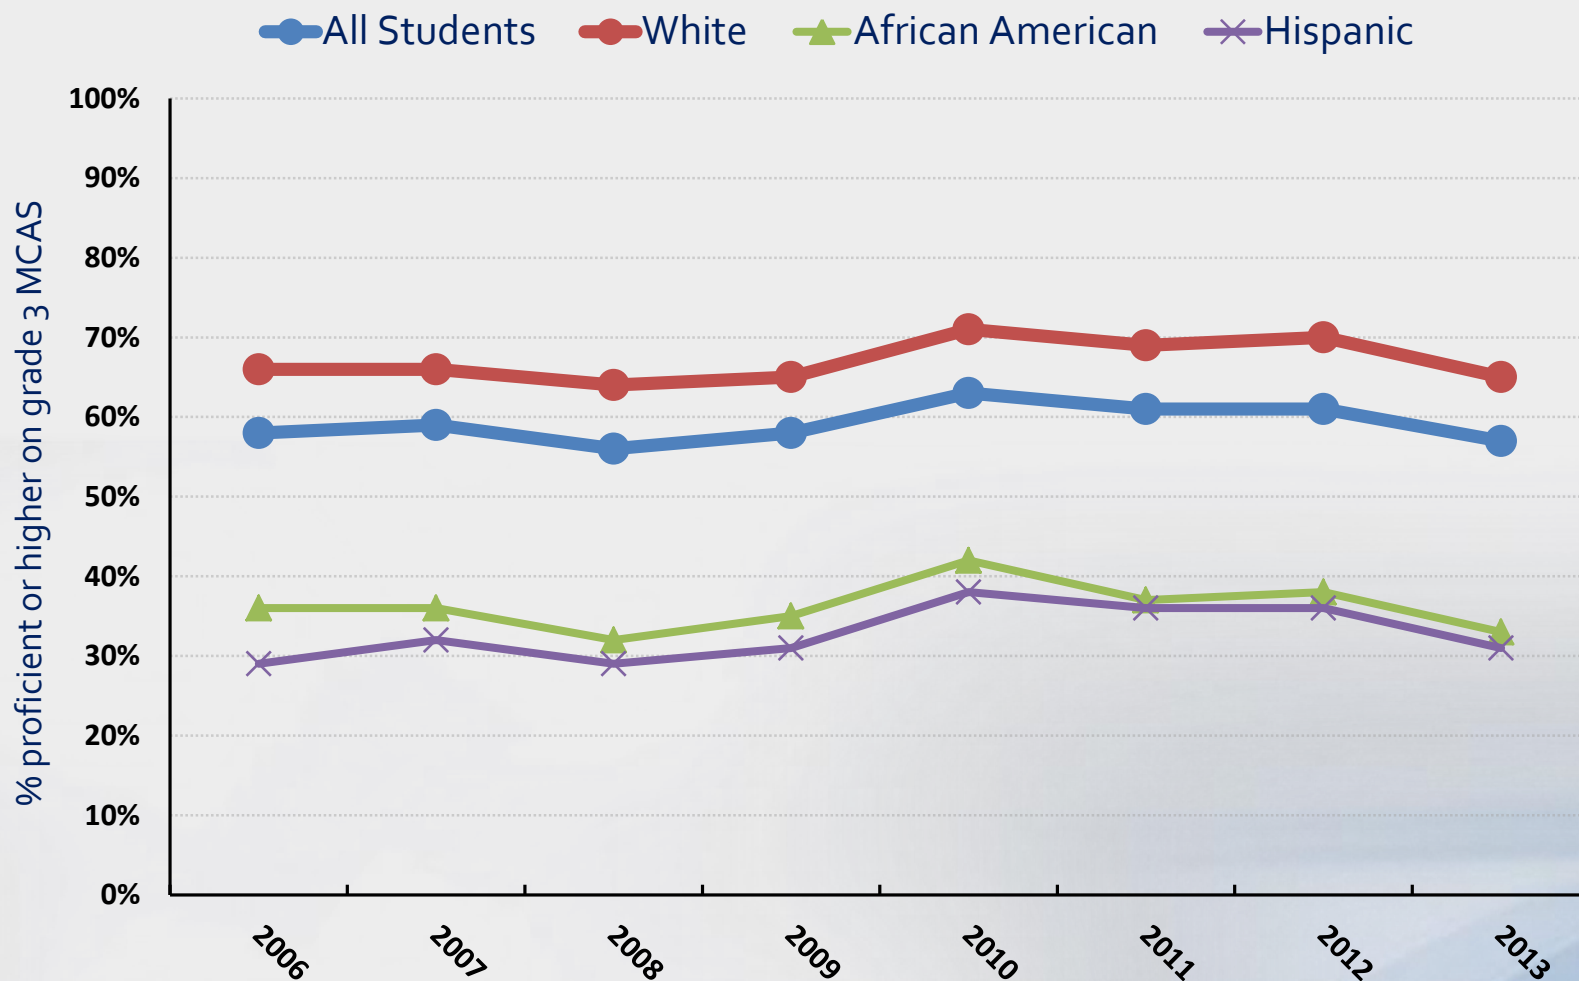

# EOE Data Spotlight

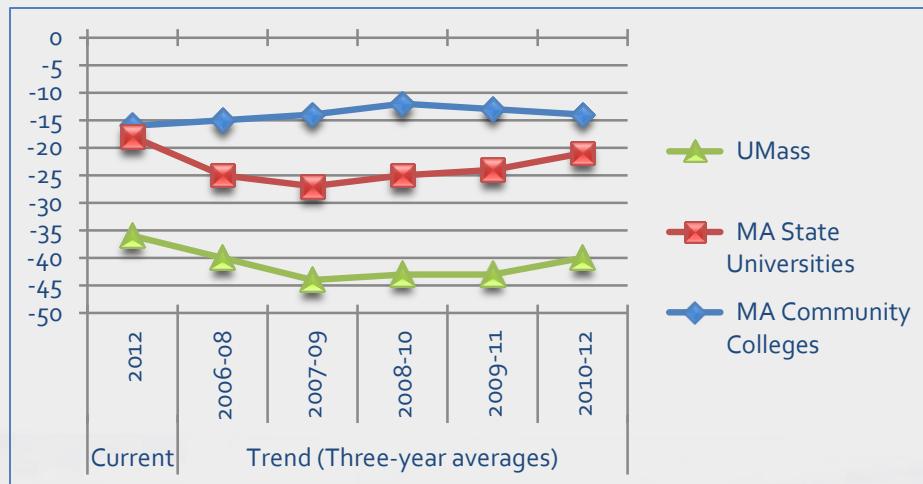

*Focus on data has also revealed areas where we're not yet closing gaps:*

- On the 2013 MCAS, **43% of third graders are not proficient readers** and among children from low-income families, a staggering **65% lag in reading**.
- In Massachusetts, **60% of community college students**, **22% of state university students**, and **10% of UMass students take at least one non-credit bearing remedial course**.

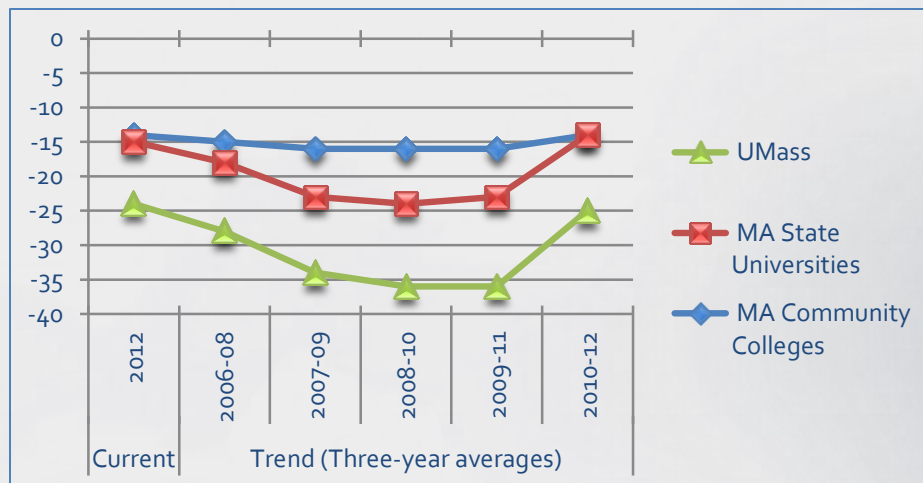

# Lagging Grade 3 ELA Performance

# Disparities in College Remediation Rates

**African American/White Gaps in % of Recent High School Graduates Enrolling in Any Remedial Courses.**

**Latino/White Gaps in % of Recent High School Graduates Enrolling in Any Remedial Courses.**

# So What Are We Doing?

- Third Grade Reading
  - Governor Deval Patrick signed An Act Relative to Third Grade Reading Proficiency into law, which establishes an Early Literacy Expert Panel to advise state education agencies on research-based strategies to improve the language and literacy development of children from birth to age 9.
- College Remediation
  - The Department of Higher Education established a task force on college remediation, which has set an intermediate goal of increasing by 20% the rate of students completing a first gateway-level course within two years of enrollment.
  - The Board of Higher Education recently voted to allow campuses to use high school GPA as a measure of a student's readiness for college-level math, in lieu of a placement exam.

# What Have We Learned?

- Analyzing what we're doing well and what we've yet to accomplish promotes a climate of open and candid discussions among and across our education agencies – as well as with the general public.
- Using data to show areas of strength is important, but its real power lies in shining a light on disparities and motivating us to make improvements.
- Constant attention to performance management has lifted Massachusetts to the highest levels of educational achievement in the world – and keeps us focused on continual improvement.

# Youth Violence Reduction

**Andrea J. Cabral**

*Secretary*

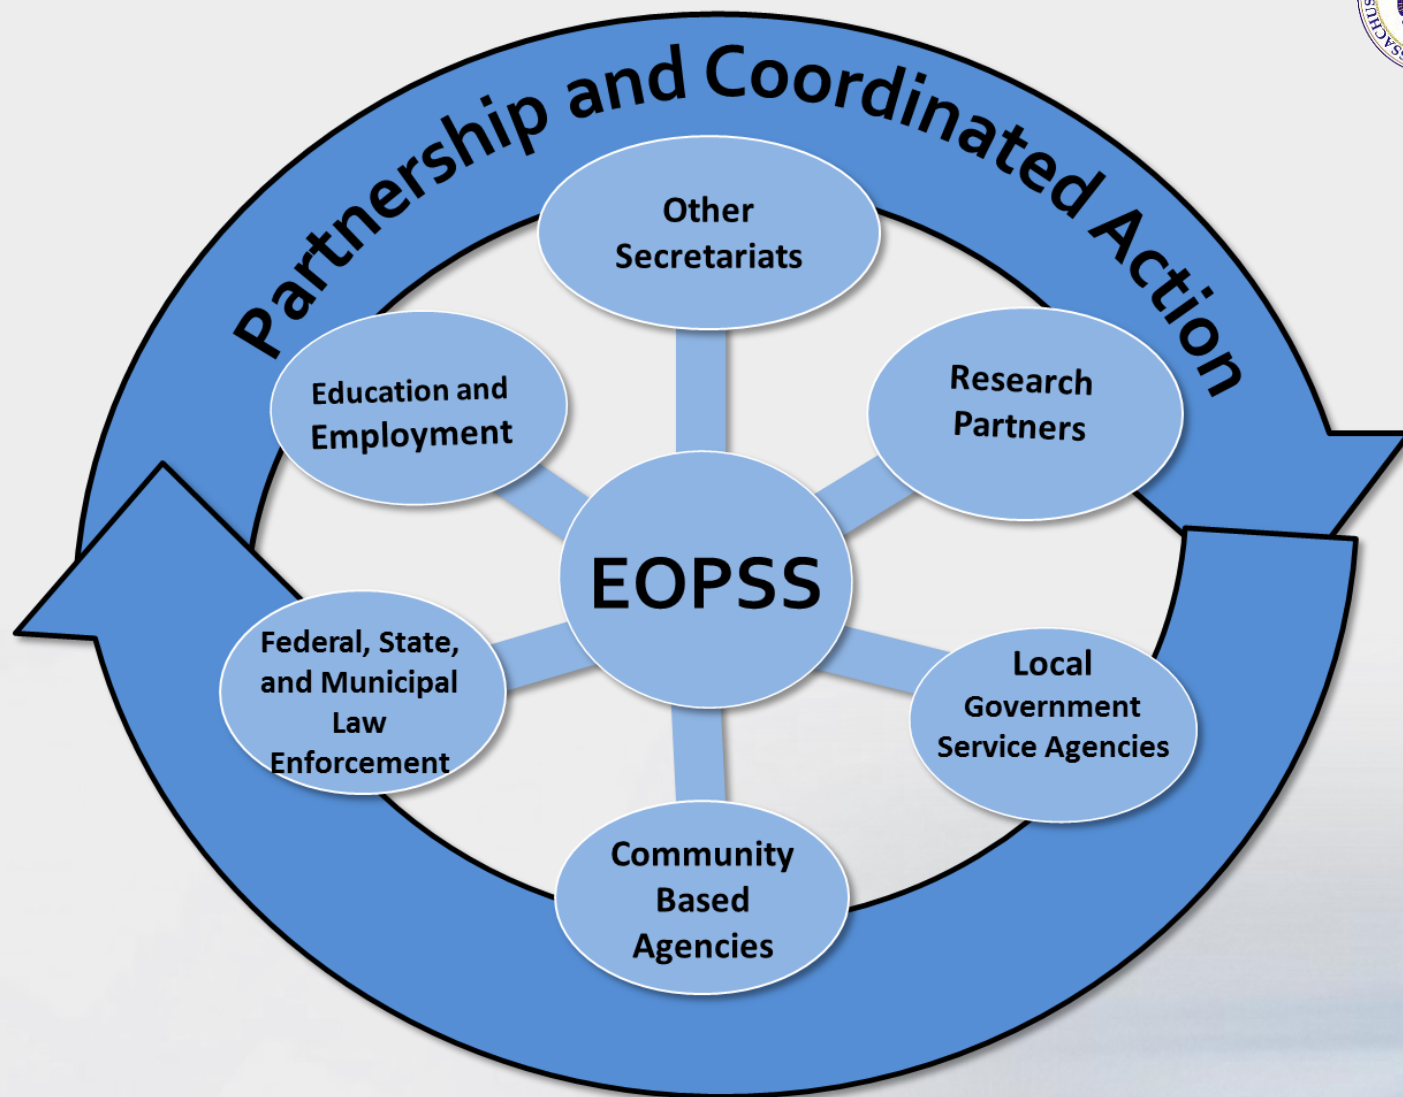

*Public Safety and Security*

# Massachusetts Overall Crime

- Over the past 25 years, the rate of violent crime per 100,000 persons in Massachusetts dropped 35% from 620 offenses to 404 offenses.
  - This is the lowest violent crime rate in nearly 40 years.
- Preliminary data from 2013 indicates the number of homicides has decreased 21% since 2009, aggravated assaults have decreased 14% and robberies have decreased 9%.

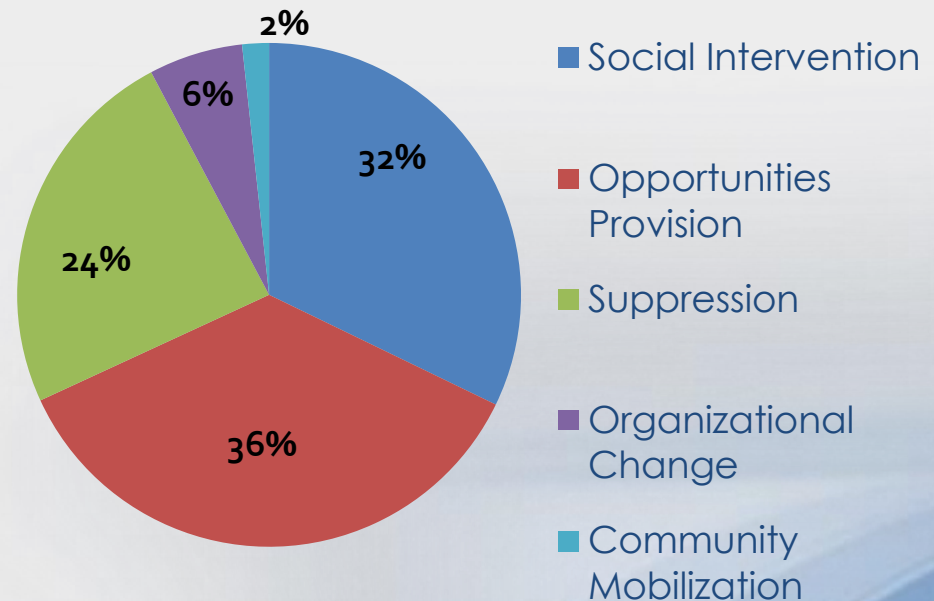

# Shannon Community Safety Initiative

## Shannon CSI Provides Resources to Support:

- Opportunities Provision/Prevention(36%)
- Social Intervention (32%)
- Suppression (24%)

Statewide Shannon CSI 2013 Funding  
Allocation: \$6,074,940

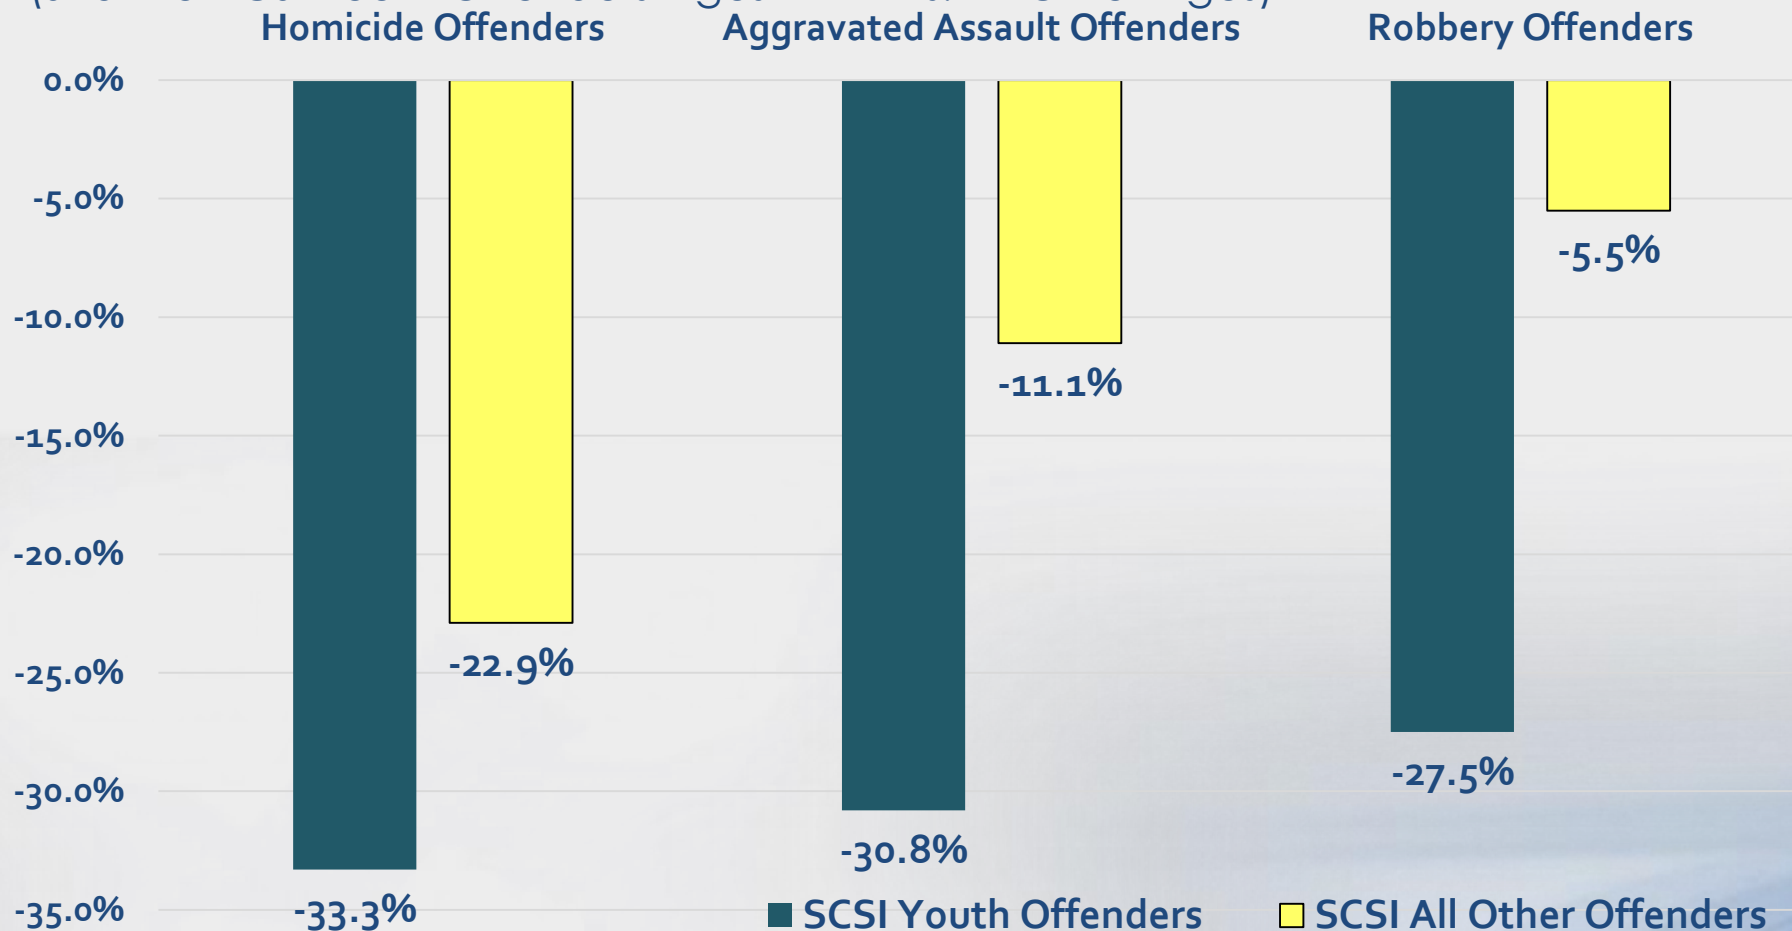

# Decreasing Youth Violence

## Percent Change in Key Violent Crime Measures, 2009-2013

(Shannon CSI Youth Offenders Ages 14-24 vs. All Other Ages)

# Improving Data Collection

# New Initiative

- Pew-MacArthur Results First Initiative
  - Effort began in 2012
  - Coordinated by the Special Commission to Study the Commonwealth's Criminal Justice System
  - Funding programs identified as highly effective

# Positive Youth Development

**John Polanowicz**

*Secretary*

Health and Human Services

# Strengthening Public Safety and Ending Youth Violence

# Safe and Successful Youth Initiative (SSYI)

- Inter-agency strategy helping keep our cities and towns safe which has an exponential effect on their surrounding communities.
- Grants to 11 identified communities

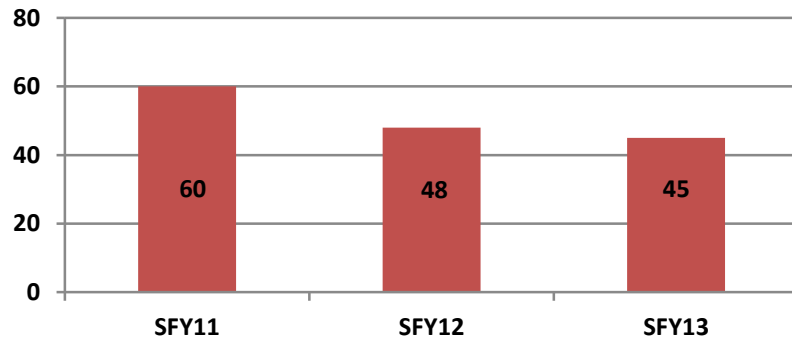

<b>Boston</b>	<b>Brockton</b>	<b>Chelsea</b>	<b>Fall River</b>
<b>Holyoke</b>	<b>Lawrence</b>	<b>Lowell</b>	<b>Lynn</b>
<b>New Bedford</b>	<b>Springfield</b>	<b>Worcester</b>	

- Targets young men age 14-24 identified as “proven-risk youth”
- More than 1,300 youth, and over 100 family members, have participated in education and employment opportunities
- Results show reductions in homicides and aggravated assaults in these cities

# Crime Rates Declined in SSYI Cities

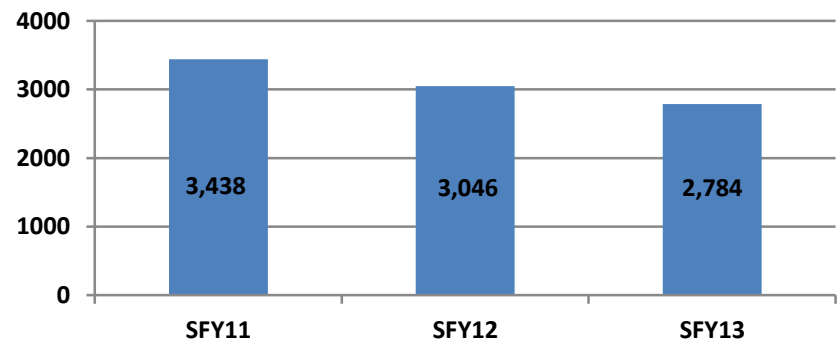

**SSYI Cities, Homicides  
Ages 14-24**

Homicides in SSYI cities have dropped 25% since the start of the grant cycle.

Aggravated Assaults in SSYI cities have dropped 19% since the start of the grant cycle.

**SSYI Cities, Aggravated Assaults  
Ages 14-24**

# The Juvenile Detention Alternatives Initiative (JDAI)

*Ensure the “right youth is in the right place for the right reasons”*

JDAI’s proven methodology balances public safety with a diversion strategy that prevents lower risk youth from more involvement in the correctional system

- The Department of Youth Services has partnered with six counties to support local, county-level work groups

Worcester

Essex

Hampden

Suffolk

Bristol

Middlesex

- Pilots in Worcester and Suffolk Counties have supported more than 450 youth in community based placements rather than in facilities

54% reduction in juvenile detentions

20% reduction in the average length of stay for youth held on bail

# Education Efforts at the Department of Youth Services

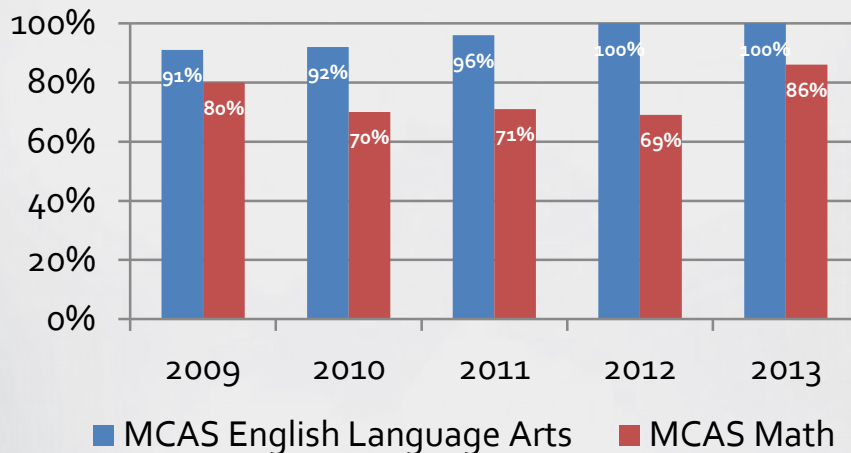

Educational accomplishment is a significant protective factor related to decreasing future delinquent and criminal behavior and increasing positive youth outcomes

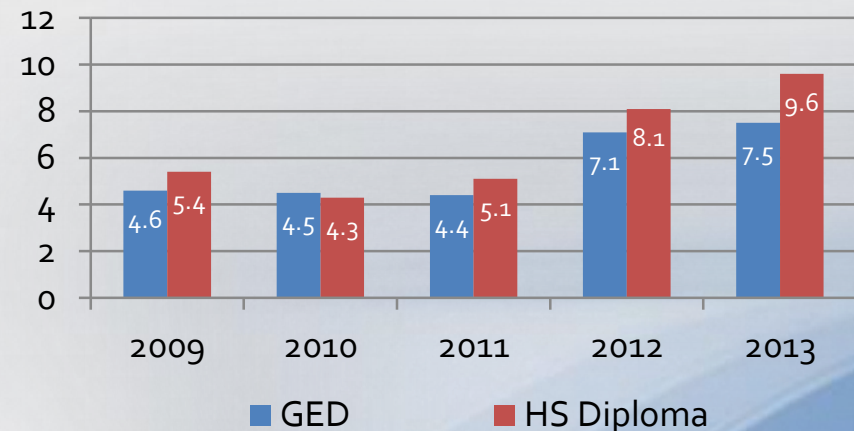

More youth are successfully passing MCAS English and Math tests

In the past 5 years, a greater proportion of DYS Youth have received their Diploma or GED

% of youth Passing MCAS English/Math tests

High School Diplomas and GEDs Earned by DYS Youth (Per 100 on Committed Caseload)

# Investments in Youth Violence Prevention

Investing in strengthening young people and the families that surround them

Department of Public Health: Positive Youth Development and Youth At Risk Services

Family Resource Centers: In FY 13, almost 7,000 families received services from a Family Resource Center

Mass-211: YTD FY 14 over 80,000 calls

# Health Care Quality, Access and Cost Containment

**John Polanowicz**

*Secretary*

Health and Human Services

# Cracking the Code on Health Care Costs

# Health Care Cost Containment

*Reduce the cost of health care and health care spending while maintaining access to and improving the quality of care*

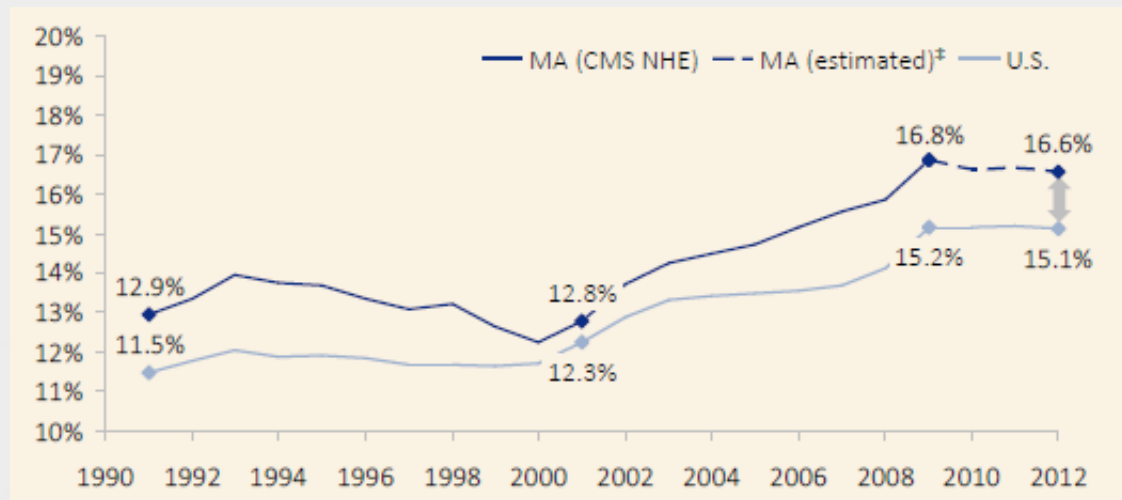

## Preliminary data shows we are meeting the overall goal

- Slowed growth in health care spending
- Access to health care in MA remains high
- DPH investments are improving population health in the long run

# Health Care Cost Growth Trends

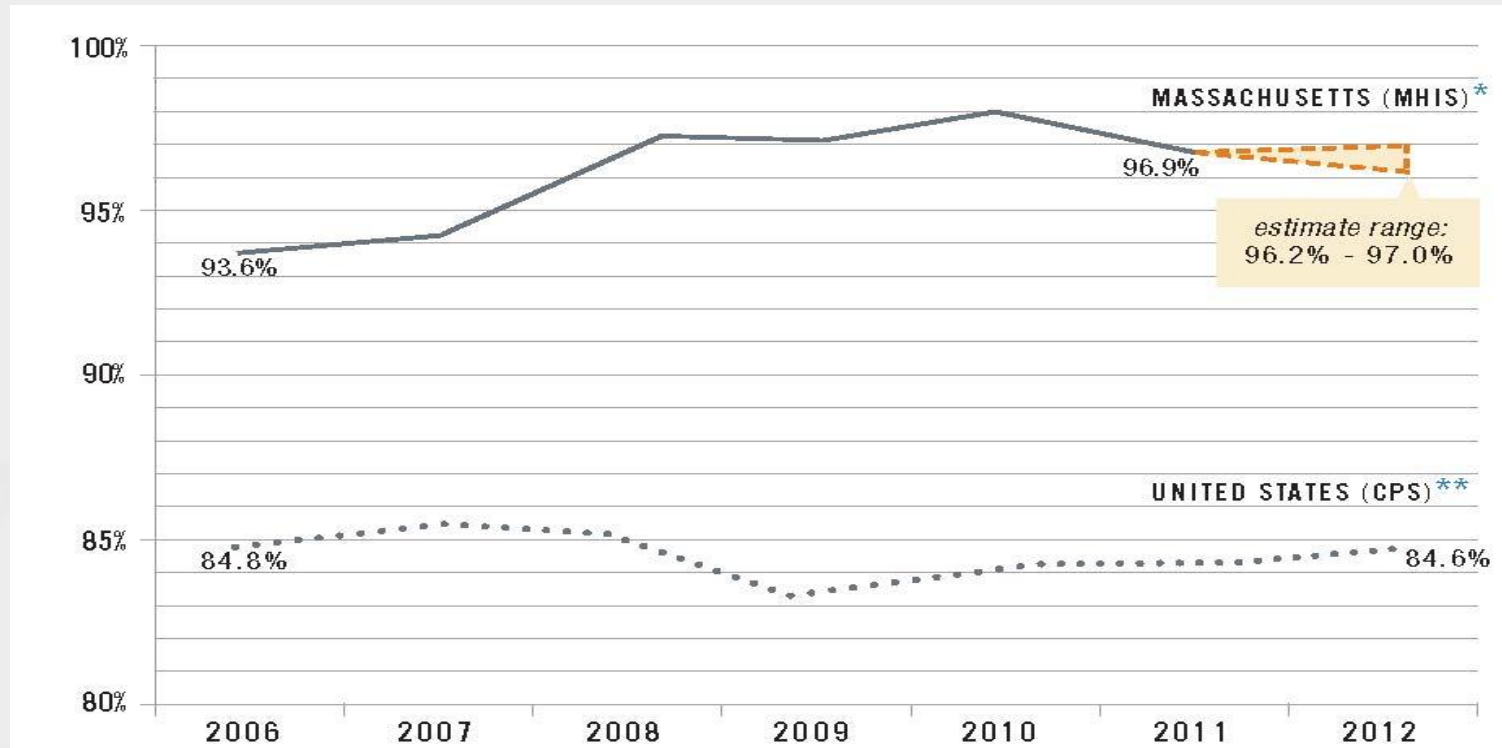

- From 2001-2009, health care spending in MA grew faster than both the national average and the state's economy

- Since 2009, health care spending growth has slowed in both MA and the US
- Health care spending has grown more slowly than the state economy in two of the past three years

# Continuing to Lead on Access

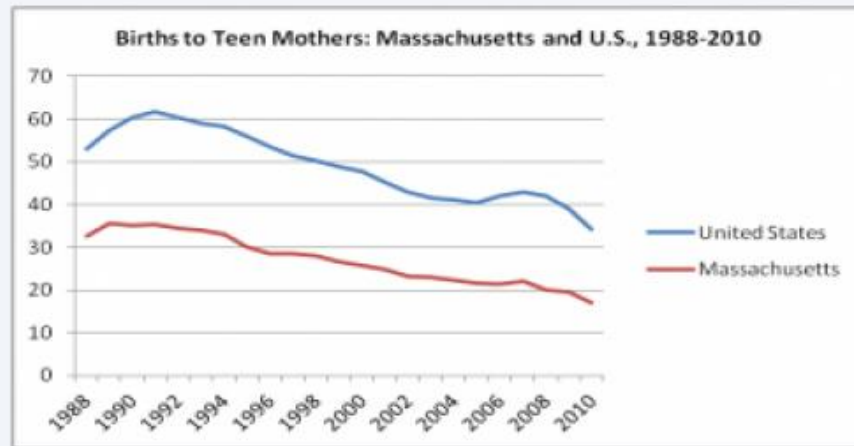

***MA has the highest percentage of insured individuals in the country***

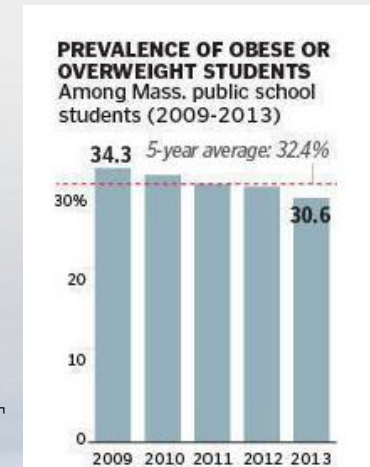

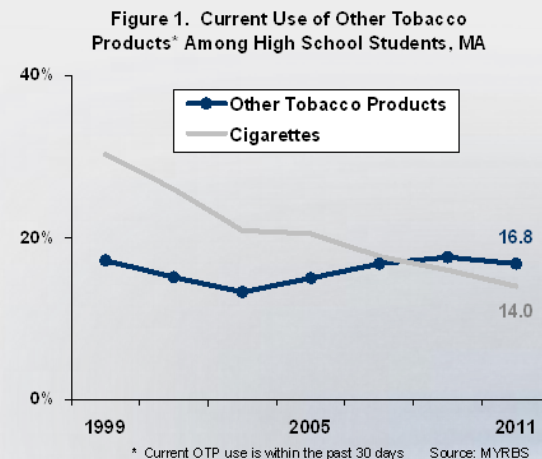

# Improving Population Health

- Investments focused on promoting prevention and wellness and community-based supports
- Life expectancy in MA is at an all-time high of 80.7 years, more than two years above the national average (78.5)
- Smoking rates, childhood obesity and teen pregnancy are decreasing

SOURCE: Massachusetts Births 2010. (2013, March). Boston: Division of Research and Epidemiology, Bureau of Health Information, Statistics, Research and Evaluation, Massachusetts Department of Public Health

# Challenges of Managing Health System Performance and Cost

- Health care system is large and complex
  - \$66B in health care spending in MA
- Many drivers of health care costs; only some are directly under the state's control
- Data lags for key performance metrics, sometimes by several years

## Many Drivers of Health Costs

# ANF Health Care Reforms

**Glen Shor**

*Secretary*

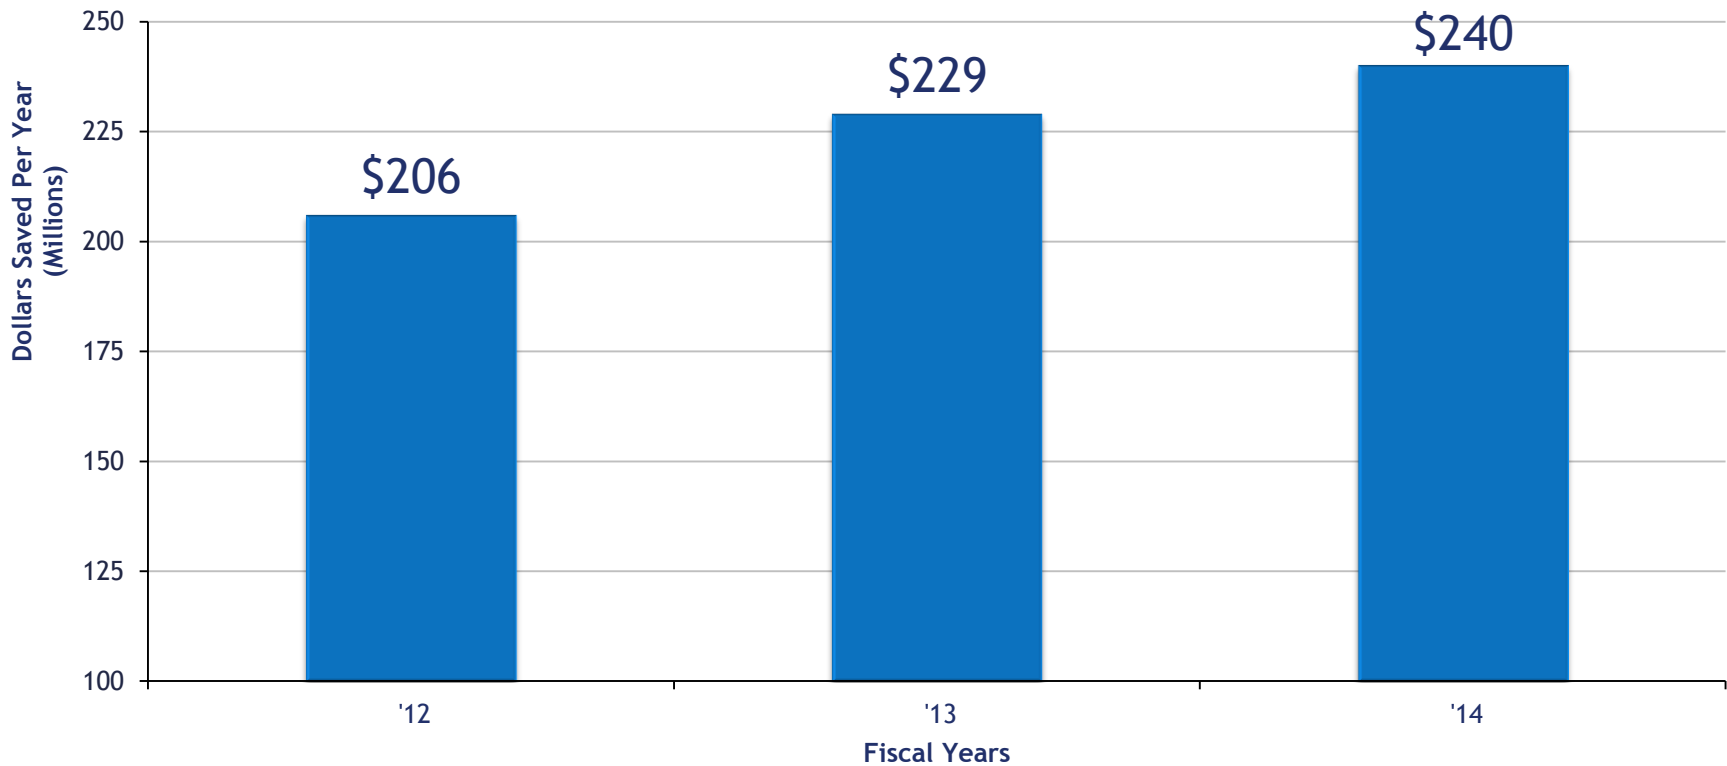

Administration and Finance

# Municipal Health Reform Savings

**261 Communities have Adopted Municipal Health Care Reform  
in the Commonwealth**

# Q and A: Progress on Administration Priorities

# Interactive Exercise

**Ed Burke**

*MassResults Project Manager*

Collins Center

# Interactive Exercise

“Describe an example of how PM principles and techniques have been used effectively in your organization. This could be to implement a new policy or priority, solve a problem, achieve better results through a grants or contracting process, etc. Importantly, explain why it worked.”
